

2005 International Conference on Scientific
Computation and Differential Equations

SciCADE05

May 23-27, 2005

Nagoya Congress Center (NCC), Nagoya, Japan

❖ Aims and scope:

- * *ordinary differential equations*
- * *partial differential equations*
- * *dynamical systems*
- * *differential algebraic equations*
- * *software*

Plenary speakers:

Paul Barton	(MIT)
John C. Butcher	(Auckland)
Desmond J. Higham	(Strathclyde)
Willem Hundsdorfer	(CWI)
Per Christian Moan	(Oslo)
Yoshio Oyanagi	(Tokyo)
Christof Schütte	(Berlin)
Masahiro Yamamoto	(Tokyo)

ISC members:

Kevin Burrage	(Brisbane)
Toshiyuki Koto	(Nagoya)
Christian Lubich	(Tübingen)
Tom Mitsui	(Nagoya)
Brynjulf Owren	(Trondheim)
Linda Petzold	(Santa Barbara)
Zhong-Ci Shi	(Beijing)

Joint-sponsorship:

Department of Computer Science and Mathematical Informatics,
Graduate School of Information Science, Nagoya University
JSIAM (Japan Society for Industrial and Applied Mathematics)
MSJ (Mathematical Society of Japan)
Nagoya University 21st Century COE Program
"Frontiers of Computational Science"
